

Information regarding upgrade offers

Candidates who have received upgrade notifications **will not receive new offer letters**. *The upgrade exercise will continue until 3rd round of selections. So, it is not possible to issue offer letters repeatedly for each round of selections.* Please note that the third round of selections is expected to be over by 12-15th July. All upgrade offers are provisional and **subject to case by case approval of MEQs by the new admitting institutes**. If upgrade is not possible for a candidate due to MEQ related inadequacies he/she will be reverted back to the institute of the earlier round. The candidates who get new allotment (not the upgrade) offers should directly report to admitting institutes for admission after payment of seat booking fee. Also please note that it is the responsibility of the candidate to ensure that he/she satisfies MEQs (as prescribed in the JAM 2014 brochure) for the preferences they have initially locked during counseling stage.
